AUSTRIANS CROSS DNIESTER RIVER

Von Mackensen's Army Resumes Fighting in Southern Poland

RUSS GET LITTLE REST

Battles Are in Progress All Along Russian Front Except in Central Poland

ROUMANIA REFUSES DEMAND

LONDON, July 16—The Austro-German armies, which now appear to be working in perfect concert as the result of the German organization, are giving the Russians little rest or time to organize themselves after their retreat from Galicia.

Austrians Cross Dniester.

Simultaneously with the German effort to reach Warsaw, or the Russian line serving that fortress from the north, the Austrians have attacked along the Dniester and have succeeded in crossing that river at several points. General Von Mackensen's army, which doubtless has been wating for Feild Marshal Von Hindenburg to move in the north, has also come to life again and the fighting has been resumed in southern Poland. In fact there is fighting of more or less severity all along the Russian front except in central Poland, where the Russians are in such strong positions that, in the opinion of military men, it would be impossible to break through. The Germans claim to have made further progress with their northern operations but with the Russians retiring it is not likely that the main forces have clashed as yet. The combined operations are the most gigantic yet undertaken, the aim being, according to military experts, to squeeze the Russians out of Warsaw and the great slice of country which they hold to the north, south and east of that city and at the same time to attempt an invasion of Bessarbia.

To Re-inforce Von Hindenburg.

So long as this effort to crush Russia or to break her power of offensive continues there is little possibility, military writers say, of the Germans atteempting any important movment in the west, for it is believed that the Austra-Germans will for a long while require all their available troops in the east. Four German army corps, composed of Pomerenians and men from Schleswig, are said to have left Thorn to reinforce General Von-Hindenburg.

The German crown prince did try to break through the French lines in the Argonne, but it is the opinion of military experts that his intention was simply to weaken the French hold on Verdun.

Takes Seven Thousand French.

A German official statement claims that one result of this offensive was the capture of seven thousand French soldiers in three weeks. On the other hand, the French claim to have regained most of the ground they had been forced to give up and which they state did not exceed four hundred yards in depth. British critics describe the effort of the Crown Prince as a costly and partially successful advance followed by a counter-offensive which definitely checked his progress. Fighting is now in progress on the Lorraine frontier and in Arters where the French continue their attempt to capture Souchez. Further progress is unofficially reported from Athens to have been made by the allies on the Gallipoli peninsula in the Dardanelles campaign and as the Athens despatches are generally ahead of the official reports this statement is credited here.

Roumania Declines.

More important is the news that Roumania has declined to accede to Germany's demand that Roumania allow munitions to pass through that country for Turkey.

The entente allies announce another victory in Africa where they captured Ngaundere, an important trading center of Kamerun, a German colony in western equatorial Africa.

FORD AUTO COMPANY ANNOUNCES FIFTEEN MILLION DOLLAR REFUND

DETROIT, Mich., July 16—The Ford Automobile company this afternon announced a refund of approximately $15,000,000 to owners of Ford automobiles who have purchased their machines since August 1, 1914. On August 1st, 1914, the company announced that if 300,000 machines were sold during the ensuing year, each purchaser would receive a refund of from $40 to $60. The 300,000 mark was reached this afternoon. The company says the refund is strictly in the nature of the profit distribution policy of the company.

WAR CONTRACT SHARES BRING RECORD PRICE

ADVANCE IS MADE AT EXPENSE OF RAILROAD GROUP

Manipulation Is Made Possible to a Large Extent by Small Floating Supply of Some of War Stocks—Big Gains Are Made.

New York, July 16.—Speculation in war shares attained a new high mark of activity and strength this week, the stocks of many of the companies now filling contracts for the allied armies and navies selling at record breaking prices. This advance was made at the expense of the railroad group, in which persistent pressure was manifested, mainly because of a renewal of foreign liquidation.

The week's movement in war stocks was predicated on the belief that certain large contracts for supplies have been definitely closed, while others already awarded have been materially added to. At best the amount of these contracts can only be conjectured, but it is no exaggeration to state that the sum involved approximates $500,000,000.

Supplies included in these contracts consist chiefly of arms and ammunition, motor cars and trucks, electrical equipmtnt, railroad materials and foodstuffs, the latter including cereals.

To a considerable extent manipulation of "war contract" shares has been made possible by the small floating supply of some of these stocks. This is especially true of Bethlehem Steel, Crucible Steel and several other issues, which are capitalized at relatively nominal amounts.

The result has gained impetus from a new and formidable element of speculators in the middle western section of the country, who were successful in their earlier developments.

Some of the New High Records.

Banks are scrutinizing collaterals with more care and in other quarters there is being manifested a disposition to restrain further reckless trading. Some of today's new high records, with maximum gains over last Saturday, are as follows: General Motors 183¼, up 25¼; Bethlehem Steel, 187¾, up 25½; New York Air Brake 103½, up 13½, and Baldwin Locomotive 31¼, up 3¼.

Many other stocks coming within the same classification are higher by 3 to almost 10 points, but do not approach previous records.

TWO MEN HOLD UP AND ROB NORTH LIBERTY, IOWA, BANK

Escape in Automobile With $2.000 Practically All of the Cash the Bank Had on Hand—Bind and Gag Cashier.

North Liberty, Iowa., July 16.—Two men held up and robbed the Farmers' Savings Bank here of about $2,000, practically all of the cash it had on hand, shortly before the closing hour this afternoon. The robbers made their escape in an automobile. Practically all the men in the town have joined in the hunt for the robbers. The cashier of the bank was held up at the point of a pistol.

Cashier James E. Cypra, who was alone at the time, was bound and gagged while the robbers collected the money and made their escape, leaving in the direction of Tiffin, Iowa, before news of the robbery became public. The automobile was stolen at Iowa City, it was said.

The robbers were masked when they entered the bank. Assistant Cashier Cypra was at work at the back end of the room, when one of the men stepped through a small gate and covered him with a pistol. The other man caught hold of the cashier and threw him down and the two tied his hands and feet with a rope, and slipped the gag in his mouth. Cypra was discovered in this condition about three o'clock by a patron of the bank. He said the men were not longer than ten minutes at their work.

The Farmers' Savings Bank was organized two years ago. M. Young is president. The institution has a capital stock of $10,000.

EUROPEAN WAR BOOSTS EXPORTS OF AUTOMOBILES AND SUPPLIES

Forty-one Million Dollars Worth of Machines and Accessories Pass Through Port of New York in Ten Months.

New York, July 16—An indication of the extent of the shipments of supplies from the United States since the European war began is given in customs records available here, which show that from August 1, 1914, to June 30, this year, automobiles, automobile parts and tires valued at $41,000,000 were transported to Europe through this port.

The records of the collector of the port show that for the period August 1, 1914 to May 31, this year 18,451 cars valued at $34,453,178 were cleared, mostly for France and Great Britain.

Official figures for June have not been completed but conservatible estimates by officials in charge, bring the total to July 1, up to 22,051 machines with a value of $40,953,178. Automobile parts and tires with June shipment estimated, show a value for the eleven months of $6,008,376.

FOUR ARE DEAD, SCORES HURT IN OHIO FLOODS

PROPERTY DAMAGE IS PLACED AT TWO MILLION DOLLARS

Swollen Streams Now Stationary and Fears of Further Damage are Allayed—Two Hundred Homes Submerged at Lima.

Columbus, O., July 16—Four dead, scores injureeda nd more than two million dollars worth of property damaged, was the toll of floods which last night and today resulted from torrential rains throughout central Ohio. Hundreds of acres of land are under water and vast areas imperilled by weak levees and embankments.

Swollen Streams Stationary.

In several places in Ohio the disastrous flood of March, 1913 was exceeded, but tonight most of the swollen streams were stationary and fears of further damage were allayed. At Lima two lives were lost, more than 200 homes submerged and a large area flooded. Mayor Miles Standish issued a proclamation stating that while the property damage there would exceed $500,000 no outside aid in relief work would be asked.

In Columbus both the Scioto and Olentangy rivers after flooding a large section early in the day were slowly rising tonight but the weather bureau gave assurance that no serious damage would result here unless the rainfall should be excessive. The Mound street levee which began leaking this afternoon and threatened to overflow a section which suffered in the flood two years ago was being repaired tonight.

Number of Persons Die.

A large portion of Kenton was submerged when the Scioto overflowed. Foraker, a village near Kenton, also suffered considerable damage. Several houses were washed away and it is said that a number of persons lost their lives.

The Miami river rose five feet at Dayton but causes no alarm as it is below the flood stage.

Mt. Vernon and Lancaster each reported one death due to the storm.

Included in the property damage are big crop losses amounting to several hundred thousand dollars.

Three Dead at Lima.

Lima, O., July 16.—With three dead and property loss exceeding $500,000, Lima tonight faced unprecedented flood conditions. The Ottawa river began to rise again late this afternoon owing to heavy rains in the valley east of here and additional territory in this city was submerged.

The dead are James P. Logue, street car employe, electrocuted while removing fallen wires. Mrs. Laura Bercaw, was burned in gas explosion caused by the flood and Arthur Jackson, colored, drowned while aiding in rescue.

After visiting the flooded district, in which more than 300 homes are under water the police announced tonight that everyone had been removed. According to the weather bureau the rainfall during the 24 hours ending at 7 o'clock this morning was 4.2 inches.

A thousand persons driven from their homes by the flood are being cared for in another part of the city. Mayor Miles Standish in a proclamation issued today, stated that the city would not ask for outside aid in relief work.

MONTENEGRIN GIVES BOND FOR APPEARANCE IN FEDERAL COURT

NEW YORK, July 16—Captain Anto V. Seferovich of the Montenegrin Red Cross society who was arrested here on July 6th, waived examination when arraigned before United States Commisioner Houghton today and gave a bond of $5,000 to appear in the federal court in Chicago on July 26th, to answer to an indictment charging alleged violation of the neutrality laws of the United States government. Seferovich was indicted in Chicago with other Montenegrins for alleged conspiracy to enlist and ship Montenegrins in this country home for service in the army.

GREET LIBERTY BELL AT FAIR.

San Francisco, July 16.—Top-hatted reception committees, policemen, station porters and guards were swallowed up here tonight in a tumultuous throng which gathered to greet the nation's Liberty Bell upon its arrival here from Philadelphia. Tomorrow the bell is to be installed in the Pennsylvania pavilion at the Panama-Pacific exposition.

DECLARES FIGURES SUPPORT PETITION

Chicago, July 16.—Counsel for the western railroads pointed to figures presented by protesting states today in the hearing before the interstate commerce commission and declared that these figures support the petition for advanced passenger fares.

WESTRAIL JOINS SLOUFEDS.

Chicago, July 16.—Tex Westerail whom the Chicago Federals obtained from Brooklyn and later released has been signed by the St. Louis Federals, it was announced today. He will replace Third Baseman Deal of the St. Louis club, who is ill with typhoid fever.

War News Summarized

The Germas on the north and the Austro-Germans on the south of the great battle front in Russia and Galicia are keeping up a vigorous offensive against the Russians.

On the west comparative calm prevails in the Argonne region, where for days the Germans and the French have been struggling for supremacy, the cannon of the opposing sides, now for the moment at least, having supplanted the sanguinary infantry attacks and counter-attacks.

I Courland, on the Baltic, and at various points southward toward Warsaw, the Germans are on the aggressive, and, according to Berlin, are fighting vigorously. Further progress southeast of Kolno and south of Przasynsz, in the drive toward Warsaw by Field Marshal Von Hindenburg's forces is declared to have been made by the Germans.

In Galicia, Vienna reports that along the Dniester river, where the stream has been crossed at several points by the Austro-German troops, counter-attacks by the Russians have been successful, and that near Sokal the Teutons have stormed and captured several vantage points of the Muscovites. In the Italian war theater the Austrians assert they have repulsed with heavy losses attacks by several Italian battalions near Ruffeddo. An artillery engagement is in progress in the coastal district and in Carinthia.

CHICAGO POLICE CAPTURE FIVE ALLEGED COUNTERFEITERS

Takee Counterfeit Money With a Face Value of $75,000, Alleged Counterfeit Bonds Running up to $25,000 and Tools.

Chicago, July 16—Counterfeit money with a face value of nearly $75,000, alleged counterfeit Minnesota statebonds running up to $25,000 and dies, plates, engraving tools and chemials used by a gang of counterfeiters believed to have operated on a large scale, fell into the hands of the police today. Five men were arrested. Samuel Robbins who said the money was made in Duluth, Minn., the police say confessed that he was the leader. He hired two men, whose names were withheld by the ploice, to help him. The remaining two, John Berkowitz and Benjamin Saltzman, were said by Robbins to have been employed in passing the currency.

The gank had $2,000 in genuine one-dollar bills which had been raised, or were being raised to the five dollar denomination. Had they retained some of the good money the police say they might have escaped arrest.

They were about to move from their rooming house but the landlady, to whom they owed money, would not let them take a heavy trunk in which the bogus money was found. There was trouble over this and the police were called.

RUSSIAN DEPARTMENT OF CUSTOMS ACCEPTS PROPOSAL

WASHINGTON, July 16—Acceptance by the Russian department of customs of proposals looking to the modification of Russia's embargo on exports to the United States was announced today in a cablegram to C. Medsekovski, commercial attache of the Russian embassy.

Under the proposed plan which must be formally ratified by the Russian foreign office, exports would be consigned to the secretary of commerce of the United States to be distributed under official supervision to American merchants and manufacturers upon guarantees that the goods would not be re-exported. Prompt approval by the foreign office is expected and the department of commerce is ready to carry out its part of the plan. The arrangement will cover exports from Russia to the United States aggregating millions of dollars annually which have been cut off since the beginning of the European war.

CAMPBELL IS DENIED PARDON.

Chicago, July 16—"Chicken Joe" Campbell, the negro convict, recently held to the grand jury on a charge of murdering Mrs. Odette Allen, wife of the warden of the penitentiary at Joliet, was denied a pardon today for killing Henry Stephens, a negro janitor of Chicago two years ago. Mrs. Allen is said to have promised Campbell, who was a trusty, to use her influence to obtain the pardon.

VIRTUALLY PUTS VIEWS IN SHAPE

Cornish, N. H., July 16.—President Wilson today virtually put in shape the views on the German situation which he will communicate to Secretary Lansing and other members of his cabinet on his return to Washington next week. He has now completed his preliminary study of the subject and is ready to bring his stay here to a close.

ROUT ZAPATA'S ARMY.

Washington, July 16.—General Zapata's army, driven from Mexico City and retreating southward, has been routed by pursuing Carranza troops in the valley below the capital, according to a dispatch today from Gen. Carranza to his agency here.

DANIELS TO LAY PLAN BEFORE NEXT CONGRESS

WOULD PROVIDE FOR NAVY EXPERIMENTAL WORK ON BROADER SCALE

Secretary, Returning From Conference With Edison, Announces He Will Have a Statement to Make Today.

Washington, July 16—A definite plan for navy experimental work on a broader scale than ever before attempted will be laid before congress in December by Secretary Daniels. Its adoption Mr. Daniels believes, ultimately will result in placing the United States ahead of the remainder of the world in the machinery of sea warfare.

Advisory Board to Prepare Plan.

Preparation of the plan which will include provision for a great central laboratory of experimentation, will be proposed as one of the first tasks to be undertaken by the new civilian advisory board in conference with naval officers and department officials. Mr. Daniels said that congress probably would be asked for something big in the way of appropriations to establish and operate the navy.

Back today from his conference at Orange, N. J., with Thomas A. Edison who is to head the advisory board, Mr. Daniels announced that he would have a statement to make tomorrow. He indicated that it might include at least a partial list of the noted inventors and technical experts who will be asked to make up the board Several besides Mr. Edison are understood to have informally consented to serve. A letter on the subject from Mr. Edison is expected at the department tomorrow.

Believe Wright Will eB Asked.

Since the most pressing problem before navy engineers consists of finding adequate gasoline motors for hydro-aeroplanes and oil engines for submarines, officials consider it likely that Orville Wright, one of the inventors of the aeroplane and a designer of motors, and Simon Lake, holder of submarine patents under which a dozen or more submarine vessels are now being built for the government, certainly would be on the list of advisers. Among others suggested are Charles P. Steinmetz, electrical engineer and inventer; Hudson Maxim, manufacturer of explosives and guns, John Hayes Hammond, Jr., radio expert and inventor and Henry Ford, automobile manufacturer.

CHICAGO TRACTION COMPANY TO ACCEPT AWARD OF BOARD

Officials Announce Decision—Increase Pay of Motormen and Conductors Three Cents an Hour.

Chicago, July 16.—Officials of the traction companies announced late today that the award of the arbitration board increasing the wages of its employes would be accepted, regardless of the refusal of its representatives early in the day to sign the document of award. The award increased the pay of conductors and motormen three cents an hour.

The arbitration board was composed of James M. Sheehan, representing the company; Maclay Hoyne state's attorney, representing the men and William Hale Thompson, mayor, agreed upon as the third arbiter. On Wednesday Mr. Sheean withdrew from the meetings of the board, but returned on Thursday. On Friday the award was made, and today the full text thereof was made public, signed by Mapor Thompson and State's Attorney Hoyne. Mr. Sheean refused to sign and issued a minority report in which he criticised the manner of conducting the hearings.

The increase in wages granted the men takes effect June 1st, when the old agreement expired. It is estimated that the cost to the company will be about $1,500,000 a year. Forty five per cent of this amount will fall upon the company and 55 per cent on the city, as under the ordinaces the city shares in street car receipts to the amount given.

STRIKE IS SETTLED.

Lexington, Ky., July 16—The strike at the mines of the New Jellico company in Bell county was settled today, the company granting a ten per cent increase in the wages of the men, according to a report received here. There are still six hundred men out at the other mines in Bell county.

BRING SUICIDE VERDICT AT FRANK HOLT INQUEST

Mineola, N. Y., July 16—After the hearing the testimony of several witnesses Coroner Jones rendered a verdict of suicide by jumping from a prison tier in the case of Erich Muenter, alias Frank Holt, who shot J. P. Morgan, exploded a bomb in the capitol at Washington and intimated in a letter to his wife that he had placed a bomb on one or more ocean steamships.

KILLED IN AUTO ACCIDENT.

Champaign, Ill., July 16.—Harvey Clow, 22 years old, was killed here today when an automobile he was driving hit a bridge while running sixty miles an hour. Edward Yeau, Jasper Gillen and Harry Casper, passengers, escaped, without serioos injury.

CABINET TO CONSIDER SITUATION TUESDAY

WILSON'S PURPOSE MAY BE ANNOUNCED IN A FEW DAYS

President and Lansing Will Go Over Several Drafts of a Note, Setting Forth Course United States Intends to Follow, Monday.

Washington, July 16.—The situation which has arisen between Germany and the United States over Germany's failure to grant the American demands growing out of the sinking of the Lusitania will be laid by President Wilson before his cabinet next Tuesday.

Prepare Several Drafts.

Several drafts of a note setting forth the course which the United States intends to follow as a result of the German reply have been prepared and will be discussed by the president with Secretary Lansing Monday and submitted to the cabinet the next day.

Although officials generally are reticent, the purpose of the president will be announced in a few days.

It became known in official quarters there was little likelihood that the United States would subordinate the Lusitania case or assertion of its rights to the intimations from Germany of a willingness to have the United States mediate between Great Britain and Germany in an effort to restore recognition of the principle of the freedom of the seas.

Much stress was placed on this point by Count Von Bernstorff, the German ambassador in an official interview with Secretary Lansing today, but high officials, recalling that one effort to mediate on the subject of submarine warfare and contraband has already failed, indicated that the step would not be repeated unless specific requests was made by one or the other of the belligerents.

Sends Report to Berlin.

Inasmuch as Count Von Bernstorff had no instructions from his government and brought no communication from his foreign office his visit today some officials said was unlikely to change the purpose of the United States to take into consideration solemnly what was said by Germany in its last note. The ambassador exchanged views with Sec. Lansing on all phases of the question and sent a long report to Berlin. The interview it was believed might have tangible results during the course of later negotiations since the American viewpoint was explained to some extent by Secretary Lansing.

Confident of Solution.

Mr. Lansing, however, did not commit himself in the absence of the president to the course that the United States would follow. The ambassador expressed confidence late today that the situation between the two countries was not critical and that a rupture of relations seemed impossible because of the desire of both governments to avoid it. He believes that there will be no repetitions of attacks without warning on passenger vessels of belligerent nationality and bases his optimism upon the fact that German submarines recently have exercised great precautions.

MISSOURI RIVER REACHES HIGH STAGE AT KANSAS CITY

Water is Highest in History of Local Weather Bureau, Excepting in the Disastrous Flood Years, 1903 and 1908.

Kansas City, July 16—The Missouri river had reached the 27.3 feet stage late today, the highest in the history of the local weather bureau, excepting in the disastrous flood years, 1903 and 1908.

The stage marked a rise of .4 feet since morning and the water continued to ascend at about the same rate tonight.

P. Connor, observer, however, announced tonight that the situation seemed somewhat less threatening than this morning because of the absence of heavy rains in the valleys of the Missouri and Kansas rivers since early today.

The Kansas river here has been stationary at 23.7 since 11 o'clock this morning. The damage done by the flood waters is yet comparatively light. The dikes have held at all points here.

U. S. WARSHIPS USE CANAL.

Panama, July 16—The Panama canal was used today for the first time by large battleships of the United States navy when the Missouri, Ohio and Wisconsin, carrying naval cadets from Annapolis to San Francisco, made the trip from the Atlantic to the Pacific. The battleships, which compose the naval academy practice squadron, are in command of Rear-admiral William F. Fullam, superintendent of the naval academy at Annapolis.

VOTE FOR GENERAL STRIKE.

Bridgeport, Conn., July 16.—The machinists of Bridgeport by a unanimous vote tonight voted for a general strike, should the Remington Arms company decline to meet their demands. Two alternatives will be offered the company tomorrow by the representatives of the machinists.

THAW IS FREED; STATE APPEALS

White's Slayer Is Released in $35,000 Bail Pending Request

STARTS ON AUTO TRIP

Motors Down Broadway and Whirls Away Toward Philadelphia

CROWDS OF ADMIRERS CHEER

NEW YORK, July 16.—Harry K. Thaw shook off the grip of the law today, motored down Broadway to the applause of admirers, crossed the ferry to Jersey City, bade the sheriff good bye and whirled away toward Philadelphia, with his car throwing dust on a procession of automobiles filled with newspapermen under orders to stay with him.

Stops at Newark for Lunch.

He reached Newark, ten miles away, about two o'clock and stopped for lunch. His presence became known immediately and a crowd, which taxed the capability of the police, assembled in the street outside the restaurant and they cheered him again when he had finished, and Thaw, smiling his appreciation, resumed his trip. His announced intention was to motor to Philadelphia about 100 miles by roadway, and there take a train for Pittsburgh.

Loses Some of His Followers.

Outside Newark, Thaw lost some of the cars which followed him. Apparently he had headed back for New York as a ruse to elude the newspapermen. This created some speculation, as he had previously said he wanted to attend a theatrical performance on Broadway tonight and had abandoned the idea rather reluctantly when he saw the size of the crowd awaiting his departure from the court house. For the first time since he fired the shot that killed Stanford White at the Madison Square Roof Garden, more than nine years ago, Thaw was free today to go and come as he pleased. Supreme Court Justime Hendrick, who presided at the jury proceedings which ended Wednesday with a verdict that Thaw was sane, announced from the bench shortly before noon that he adopted the jury's verdict. The writ committing Thaw to Matteawan seven years ago thereupon automatically became inoperative. The state's lawyers appealed from Justice Hendrick's decision and Thaw was released in $35,000 bail pending the result of the appeal.

Amenable to Court's Orders.

Under the terms of the bond he is to hold himself amenable to the court's orders until the appeal is finally decide. Meantime he may go where-ever he pleases.

Thaw seemed to be delighted. He appeared to be excited somewhat by the demonstration of the crowd, which hailed him good-naturedly and boisterously, said that he was very happy and frequently stood up in his automobile to bow to those around him. His private secretary accompanied him.

What Thaw's attitude would be toward Evelyn Nesbit Thaw was a matter of considerable speculation. To no question, however, bearing on this point would Thaw return a direct answer.

One interviewer asked him if he expected to see her soon. Thaw's answer was to look at his questioner steadily for a few moments and turn away without a word.

REPETTO DIES ON GALLOWS.

Joliet, Ill., July 16.—Frank Repetto was hanged here today for the murder of Charles Masters, his cellmate at the penitentiary a year ago. His neck was broken and physicians said death was instantaneous.

The announcement by the Ford company that the $15,000,000 refund for customers who have purchased Ford cars this year is ready, will cause no surprise. When the announcement was made of the plan no one doubted that the 300,000 sales mark would be reached, because Henry Ford has the habit of reaching goals from time to time. When he intimates that this thing or that thing is going to happen, the public looks upon the matter as settled.

The announcement of the shoe manufacturers that women will return to "sane and sensible" black shoes after a period of popularity for side-laced fancy footwear would have been more interesting if a statement of price reduction accompanied it. Instead, the prices are to be advanced. No reason is given, but no doubt it's the war. The European conflict is charged with occasioning everything disagreeable in this country, even the weather.

Now Harry Thaw, after nine years of imprisonment, is to enjoy freedom. Whether he was sane or insane when he killed Stanford White, he has been in confinement as long as many others charged with like offenses. The dispatches say that when Thaw started on his journey to Philadelphia that six automobile loads of newspaper men followed him, with instructions to keep a strict watch on his doings. Certainly it looks as if Thaw should be allowed to drop into obscurity for a time, at least. It would be better for him and for the reading public, also.

Two years ago Senator Sherman's statement that this country needs a standing army of greater size and a reserve force, subjecting citizens to call for a period of years, would have met with derision or have fallen on deaf ears. Now it's different, due to a nation-wide increasing interest in the country's means of defense. The senator made this statement at a speech in Kansas City: "The nation needs a standing army of at least 200,000 men, and a system of reserve enlistments whereby a man may serve one year in the army and retire to business life, but be subject to call for three years. The country has been blind to the subject of national defense. Both parties are guilty. The navy should be run by naval experts, not cabinet officers who are politicians. It should be larger."

In reporting for the child conference committee to the Morgan County Medical Society recently Dr. David Reid called attention to the fact that the scores made by the babies were above normal and that the hope that children not well nourished might be entered had not been realized. He said that this would have to happen if the greatest good is accomplished from the work.

It is more difficult to secure the co-operation of parents in a matter of this kind in a city of this size than would be true in a larger one. In Chicago yesterday Baby Welfare week was inaugurated under the auspices of club women and various organizations. Educational matter is being distributed to mothers, indicating the proper care of babies as to dress and food during the summer months. Previous campaigns have resulted in reducing infant mortality largely and no doubt the present work will have a like result. The Chicago campaign is along different lines, but both undertakings are for the same laudable purpose of increasing the physical welfare of the babies.

Dr. Dernberg's Career.

Dr. Bernhard Dernberg, the great German financial organizer, who has left America under a cloud as the result of his unfortunate propaganda to Germanize American sentiment on the European situation, despite his unpopularity in America during his recent visit, is recognized the world over as a remarkable man. Nine years ago he abandoned a salary of $50,000 a year as the head of a big German bank to become head of the German colonial office at $6,500 a year. The kaiser had turned to him to bring the colonial possessions into efficient self-support.

Dernberg came from the people, and not from the Prussian nobility. Immediately he started a lively campaign. He went out to the colonies to see what was needed. There was red hot excitement among the Prussian officers when he insisted that merit alone should decide in selecting every official. He studied British colonizing methods and came to America to study the cotton industry, so that he might properly reorganize the industry in German Africa. Aristocrats declared the kaiser was becoming Americanized when he selected a "nobody" to handle this situation, and it was not long before they succeeded in ousting Dernberg. Dernberg gained much of his financial training in New York. He aided in reorganizing the Northern Pacific railroad and arranged a large loan for the Mexican Central. He introduced American banking methods into Germany and he revived some of the German mortgage banks that were on the verge of failure. Dr. Dernberg was born in Berlin July 17, 1865.

Theodore Vail's Birthday.

Theodore Newton Vail, famous American capitalist and promotor, president of the American Telephone company, was 70 years old yesterday. As the head of the telephone system and the Western Union, its allied company, he holds a commanding position in the service of public communication. He retains his active leadership of the affairs of these big combinations. During the past year Mr. Vail has removed his home from Vermont to New Jersey. In the Green Mountain state he has been a benefactor to education, agriculture and rural industries. Last month Harvard bestowed the honorary degree of LL. D. upon him, as a formal farewell from New England. Mr. Vail was born in Carroll county O., July 16, 1845. Te studied in New Jerhey and took up medicine with an uncle. His first active service was for the government, and he rose in five years to be head of the Railway Mail Service. He then went into the telephone business, and after traveling over the world settled down as a country squire in Vermont. In 1896 he went to South America where he engaged in electrical enterprises in Argentina and introduced an American street railway system in Buenos Ayres. He installed a telephone system in Argentina. In 1907 the big American telephone combine turned to him for leadership, and he also became head of the Western Union telegraph. He is a director in many other corporations in America and Europe, is a member of many societies. Mr. Vail has lived to see his early claims for long distance communication vindicated when he projected a telephone line from Boston to Providence not so many years ago, it was known as "Vail's Folly". Within the past year he has talked from his winter home at Jekyl Island, Ga., with San Francisco.

MRS. WILLIAM TAYLOR HURT IN ACCIDENT

SPRINGFIELD WOMAN SUFFERS BROKEN ARM.

Automobile Accident Happened East of Jacksonville Friday Afternoon—Patient Brought to Passavant Hospital—Party on Way to Nichols Park.

Mrs. William Taylor received a broken arm as the result of an automobile accident three miles east of Jacksonville Friday afternoon. She wsa brought to Passavant hospital, where Dr. Carl E. Black was summoned and set the broken bone. It is thought she wil be able to return home today or Sunday.

The accident happened in front of the residence of R. E. Phillips. Two autos filled with Springfield people were on their way to Nichols park to enjoy an outing. They were to meet here an auto party from Greenfield. In the Springfield party were Mr. and Mrs. William Taylor, Mr. and Mrs. C. J. Doyle, Mr. Delaney and three others.

Both cars were running at a good rate of speed when the first car slacked down at a culvert to pass a car going east. The second Springfield car, in which Mrs. Taylor was riding, was following so closely on the wheels of the other and at such a rapid speed, that there was nothing for the driver to do but turn his car into a ditch, to save from running into the first car. The car encountered mud to the hubs and the impact was so sudden that Mrs. Taylor was knocked violently against the back of the front seat and her arm was broken near the wrist. All were badly shaken up. She was brought to Jacksonville by the friends in the other car

J. H. Hubbs of Prentice, who happened along that way helped to pull the Buick out of the mud and it was a task. The injury to the car was slight. It is understood that some of the party went to Woodson to inform the Greenfield autoists of what had happened.

FINES EDITOR FOR REFUSING TO REVEAL SOURCE OF INFORMATION

DENVER, Colorado, July 16—A pledge however solemn, to keep a secret which the law requires to be revealed is no binding, legally or morally, according to a ruling of Judge John A. Perry in the district court here today. Under the same ruling a newspaperman cannot, legally or morally claim the privilege of refusing to reveal the source of information upon which a published story was based.

These interpretations of the law were laid down by Judge Perry when he fined Arthur MacLennan, managing editor of the Denver Times, $250 and costs for contempt of court in refusing to tell a recent county grand jury where he learned certain alleged facts regarding the now famous "package of money" incident in last winter's session of the Colorado general assembly.

ANOTHER STEAMER FOR CANAL SERVICE.

Philadelphia, Pa., July 16.—The new steel steamship Walter D. Noyes, recently launched at Newport News, will make her trial trip to Philadelphia, arriving here on Monday, where she will at once go into the Panama Canal service to Pacific coast points. She will load 7,000 tons of merchandise for Los Angeles, San Francisco and Seattle.

No risk; buy warm weather clothing and furnishing goods of Knoles.

Miss Mabelle Sweringer of Davenport, Iowa, is expected in the city today to spend her vacation with her parents, Mr. and Mrs. A. T. Sweringer on East Greenwood avenue.

EMPIRES GOING FAST.

L. F. O'Donnell the Empire dealer sold and delivered an Empire 35 Friday to Arthur Harmon of East College avenue. Much enthusiasm is manifested over these wonderful cars. Get yours before it is too late. Phone or call for demonstration.

S. P. PH.

Members of the S. P. Ph. are requested to meet at the hall Sunday at 1:30 sharp to attend the funeral of Brother Joseph J. Vieira.

Henry Marks, Sec'y.

EXECUTE GERMAN SPY.

London, July 16—Another German spy has been put to death in England after having been convicted by court martial. He was Robert Rosenthal, who was arrested in London early in June and confessed, it is alleged, to the officials of Scotland Yard and that he had been sent to England by the German admiralty to obtain information concerning British naval matters.

HAMS BACON

The Old Fashioned Kind

The truest song that e'er was sung,
Is the song of our Bacon, Hams and Tongue;
Hickory smoked in the old-fashioned way
That made meats so good in grandpa's day.
For while we've progressed materially,
We've never lost sight of rare quality.
So when you hanker for a nut-sweet ham,
Just phone your order to the Butcher Man;
You will note in the flavor such a difference
That you'll become our friend as a consequence.

RETURN FROM AUTOMOBILE TRIP TO NORTHWESTERN IOWA

Dr. F. A. Norris and Louis Frank Covered Distance of 2200 Miles —Traveled in Several States.

Dr. F. A. Norris and Louis Frank have returned from an automobile trip to the home of Dr. Norris' parents at Rock Valley, Iowa. That town is located in the northwestern part of Iowa and the distance from Jacksonville is about 700 miles. It was covered in about two days and a half the travelers having left this city three weeks ago, June 30th.

After a visit at the old home place the return journey was commenced and Dr. Norris and Mr. Frank drove across country to Rochester, Minn., weher the former spent a number of days at the Mayo hospital. Then the journey took the travelers through Minneapolis, Milwaukee, Chicago and down to Jacksonville, the entire distance covered being 2200 miles. The roads in general were found in fair condition although there were evidences in many localities of the exceptionally heavy rains.

SUFFERING FROM PTOMAINE POISONING

ENTIRE FAMILY NEAR SINCLAIR CONFINED TO HOME.

Residence of Thomas U. Fox Turned Into a Temporary Hospital as Result of People Drinking Milk, Friday Morning.

The residence of Thomas U. Fox east of Sinclair, has bee nturned into a temporary hospital as the result of the whole family suffering from ptomaine poisoning. Those who are sick include Mr. and Mrs. Fox and children, Mary, Lyman, Jason and Ulyssees.

Friday morning the family ate brakfast at the usual hour and did not begin to feel ill until about 9 o'clock when all began to grow sick, vomiting and suffering severe pains. A doctor was called from Jacksonville and found everyone sufferfing from ptomaine poisoning.

The family is at a loss to know just what caused the illness but they think it came from milk which they drank as there was nothing eaten which would seem to have caused the poisoning. All the family drank milk and Mrs. Fox was theo nly one who used it only in her oatmeal. She was the least sick of all.

While all will be confined to their beds for a day or two it is not thought anything serousw ill result.

MRS. WHITE, ONE OF THE FOUNDERS OF SEVENTH DAY ADVENTISTS, DIES

ST. HELENA, Cal., July 16—Mrs. Ellen G. White, one of the founders of the Seventh Day Adventists, died here today aged 88.

She was widely known among the members of that denomination throughout the United States and by many she was regarded as their prophetess.

On Feb. 13, this year, Mrs. White met with a serious accident near her home here, due to a fall which broke the bone in her lift thigh. She is survived by two sons, James Edson White of Marshall, Mich., and William C. White.

JACKSONVILLE DOKAYS WIN FIFTH PLACE IN RACE

Chicago Takes First Honors With Columbus Second in Drill Exhibition of Khorassan Imperial Palace Next Meting in Chattanooga.

Asbury Park, N. J., July 16—Chicago's drill team won the first honors of the Khorassan Imperial Palace, which was held Thursday and announcement made today. Jacksonville finished fifth. The following were the markings:

Chicago	94.50
Columbus	93.
Milwaukee	88.
Chattanooga	87.
Jacksonville	85.5
Peoria	81.
Racine	78.

The showing of the Chicago team was exceptionally fine, as was that of Columbus, and the race of the other five leaders was a strong one, and, in fact, Jacksonville appeared to be even a contender for the top notch. When the announcement was made the Chicago team was given a great ovation and a fitting celebration was held, in which all the Dokays took part.

Jacksonville was awarded $100 mileage prize, as was all the teams who took part in the drill; Milwaukee $150, Columbus $250, Chicago $400. As best captain the honors went to Charles Wintraub of Chicago, who was given a $100 gold medal.

The next biennial session will be held at Chattanooga, Tenn.

MORTUARY

Wolke.

George Wolke, aged 45 years, died at Our Savior's hospital at 4:40 o'clock Friday morning, after an illness of a few days, of appendicitis. Mr. Wolke was taken ill with appendicitis several days ago. On Thursday he was taken to Our Savior's hospital, where an operation was performed. It was found that the disease had advanced to such a stage that the operation failed to save his life.

George Wolke was born in Siegel, Shelby county, in 1869. He grew to manhood in that vicinity. Later the family removed to a farm south of Ashland, where he lived for a few years. Mr. Wolke was united in marriage in 1890 to Miss Elizabeth Votsmier. His wife survives him, together with the following children: Mrs. Amos Marks, Taylorville; John C. Wolke of Mason City and Clarence J. Wolke, Henry G. Wolke, Elmer R. Wolke, Jeanette I. Wolke and Georgia V. Wolke, all of this city. There also survives two grandchildren and three brothers, John Wolke of this city, and Joseph and Charles Wolke of Shelby county, and one sister, Mrs. Lena Ludwig, of Seigel.

Mr. Wolke had been a resident of Jacksonville for more than twenty years. When he first came to the city he followed the carpenter's trade. He soon entered into the bicycle sales and repair business. He was one of the most skilled mechanics the city has ever had. He was not only an expert in machine work, but also had several inventions which proved successful. Among them was an air-cooled stationary gasoline engine and an air-cooled motor for autos and a valveless air cooled motor. He also invented three different forms of spring wheels. In addition to his inventions, Mr. Wolke about 18 years ago built an automobile. He was really the pioneer automobile dealer in the city. Since that time his work has been the sale and repair of automobiles and he has placed some of the best cars made on the local market.

Mr. Wolke was a devout member of the Church of Our Savior and also was a member of the Modern Woodmen of America, Improved Order of Red Men and Royal Neighbors of America. He was industrious and with his genius of invention in some larger city would undoubtedly have made a great name for himself. He made many friends by his genial and kindly manner and many expressions of regret have been heard at his sudden calling.

The remains were taken to Reynolds' undertaking establishment, where they were prepared for burial and later taken to the residence, 641 South Kosciusko street. The funeral will be held from the Church of Our Savior Monday morning at 8:30 o'clock.

Haskins.

Mrs. Dora Ironmonger Haskins died at the family home in Santa Anna, Cal., at midnight Saturday, July 10. Mrs. Haskins was for many years a resident of Jacksonville. She was 71 years of age at the time of her death. She is survived by her husband and two children, Mrs. Frank H. Thomas and Frank J. Ironmonger, both of Los Angeles. The funeral services were held in Santa Anna last Tuesday afternoon.

The remains will arrive here this morning via the Alton. Definite arrangements have not been made for the funeral. It will be private and interment will be in Diamong Grove cemetery.

Hammond.

Mrs. Mary A. Hammond died at Our Savior's hospital Friday afternoon at 12:10 o'clock, aged 59 ytars. She had been ill for several weeks, suffering from gangrene. About two weeks ago she submitted to an operation and had one arm amputated in the hope of saving her life. The disease had progressed, however, to such an extent that the operation did not relieve her.

The deceased was born in Boston and came to Jacksonville when a young girl. She was a member of the Church of Our Savior and was known as a woman of excellent qualities, which had won her many friends.

There survive her three sons, William J. and Carl of this city and August of Beardstown, and one daughter, Mrs. John Dailey of Beardstown, and one brother, James Murry of Granite City.

Definite arrangements for the funeral have not been made, but probably the services will be held from the Church of Our Savior Monday morning. Friends will please omit flowers.

Keller.

Matthew, youngeht son of Mrs. Johanna Keller, died at his home in Meredosia Thursday evening at 8.20 o'clock after a lingering illness of two years. He was born in Quincy, May 7, 1889 and lived there until about one year ago when he moved with his mother to Meredosia to make their home. Since that time he has been in declining health.

He is survived by his mother and sister, Mrs. G. T. Williams of Meredosia, another sister, Mrs. L. A. Everist, of Havana, two brothers, Gus. A. and William Keller of Quincy. The remains will be taken to Quincy Saturday morning and funeral services held from the First Baptist church in that city of which the deceased was a faithful member.

Vieira.

Joseph J. Vieira, one of Jacksonville's oldest and best known Portuguese citizens, died at Dr. Day's hospital Friday evening at 7 o'clock. Mr. Vieira had been ill for some time and death resulted from a complication of diseases.

Deceased was born in the Island of Madeira in December, 1843. He came to this country with his parents in November, 1849, the family coming directly to Jacksonville, where he has since resided.

During the civil war he enlisted in Company C, 101st regiment, in this city. He was severely wounded in the battle of Resaca, Ga., and his whole record in the army was one of bravery and patriotic devotion to duty.

Mr. Vieira was a member of Northminster church and was always active in the work of the church, living his daily life above reproach. He also was a member of the S. P. Ph. and of Matt Star Post, G. A. R.

He was united in marriage many years ago to Miss Anna DeFrates, who has been an especially devoted wife. She survives him, and also one brother, Jackson J. Vieira, of this city, and one step-brother, Gregory DeFrates of Virginia.

The funtral will be conducted from Northminster church Sunday afternoon at 2:30 o'clock, in charge of the pastor, Rev. Walter E. Spoonts.

Peckham.

J. S. Peckham of South Mauvaisterre street received a telegram Friday announcing the death of his brother Charles, who was a land reservation agent for the government in Montana. The remains will be brought to Kahoka, Mo., where funeral services will be held Sunday afternoon. Mr. and Mrs. Peckham expect to attend.

Braley.

Green M. Luttrell will go to Carlinville today to attend the funeral of his sister, Mrs. Amy Braley who died there Thursday afternoon.

DR. E. O. GABLE

BECKER'S ATTORNEYS MAKE FINAL EFFORT TO SAVE HIM

Rumors Continue That Certain Witnesses Who Testified Against Former Police Lieutenent Are Ready to Contradict Selves.

Dec. 15Rosenthal charges oppression by police, but drops charges when police surveillance was removed.

April 15, 1912—House raided again.

July 13—Mrs Rosenthal locks police officer in the house and he was released with an axe.

July 12—Rosenthal brings charges aginst Lieut. Becker.

July 16—Rosenthal murdered by gunmen.

Oct. 24—Becker convicted of murder.

Feb. 14, 1914—Court of Appeals granted a new trial.

May 22—Becker convicted again.

April 13—Four gunmen hired by Becker electrocuted at Sing Sing.

Mar. 24, 1915—Court of Appeals refuses to order new trial.

July 6—Becker, under sentence of death in week of July 12, is given two weeks' reprieve.

New York, July 16—Lieut. Chas. Becker, under sentence of death as the instigator of the famous murder of Herman Rosenthal, today escaped the electric chair for the third time. Three death warrants have been made out, and the third one, which was to have been put into execution this morning, would have brought the death current three years to the day from the killing of Rosenthal in front of the Metropole Hotel, ut a repieve has been granted, the former police lieutenant has gained renewed hope for life, and his lawyers are bending every effort to secure a new opening of the case. That all hope for Becker centers in the belief that the informers who testified against him will recant at the last moment and exonerate Becker. Persistent rumors have been going the rounds that Rose, Webber, Schepps and Vallon are ready to go back on their testimony if this can be done in such a way as to shield them from prosecution.

Mrs. Helen Beeckr, the condemned man's wife, is leading in the work of rounding up the enemies of her husband in the underworld and she has interviewed them all and made a last appeal to them.

It was just three years ago this morning that the most sensational "gang" murder ever committed in New York ocurred in the heart of the tenderloin. Herman Rosenthal, noted gambler and the storm-center of the city's gaming scandal, was shot to death. His murderers used a heavy touring car to make their get-away. For three years previously the police and Rosenthal had conducted a bitter feud, and the gambler had brought serious charges against Lieut. Becker of the New York police only a few days previously. It was this clue which led to the suspicion against the officer. The gunmen who committed the murder, and those who knew of the plot, were rounded up, and on July 29th Becker was arrested by order of District Attorney Whitman, now Governor of New York. He has gone through two trials, in both of which he was convicted. Just previous to the second trial, the four gunmen convicted of the shooting were executed at Sing Sing, and "Dago Frank" Cirofici, one of the quartet made a confession in which he exonerated Becker. It was a gamblers' fight, according to "Dago Frank", and he said that Harry Vallon, one of the principal witnesses against Becker, was one of the three men who fired the fatal shots at Rosenthal. Meeting death with "Dago Frank" were "Gyp the Blood", "Whitey" Lewis and "Lefty Louis" Rosenberg.

ANOTHER BOOTLEGGER FINED.

In the county court Judge Thomson imposed a fine of $100 and costs and gave a jail sentence of 30 days on each of two counts on information against Edward Stewart, alias "Frog" Stewart, charged with violating the local option law. Stewart entered a plea of guilty. He was arrested by Patrolman Sharpe on information filed by Chief of Police Davis.

SUIT FOR DIVORCE.

Mrs. Susan J. Cohagen, by her attorneys, J. Marshall Miller and John M. Butler, has brought a suit for divorce from her husband, Louis E. Cohagen. They were married in Winchester, August 14, 1906. Mrs. Cohagen makes a charge of repeated cruelty and asks a divorce on this ground. She also asked for an injunction to restrain her husband from disposing of the property in which they live, which is described as lot No. 12 in Askew and Springer's addition. The declaration is that the husband had intimated an intention of selling this property, and a temporary injunction was granted by Master in Chancery Clark.

FOUR DEACONS-ELECT WERE ORDAINED AT BAPTIST CHURCH

Exercises Held in Charge of Rev. H. H. DeWitt, With Other Pastors Assisting.

"This is a happy occasion," said Rev. H. H. DeWitt, pastor of the Second Baptist church of this city, to the council of ministers and laymen convened at the aforesaid church Thursday night, for the purpose of ordaining Deacons-elect S. Spencer, W. Johnson, B Champ, C. Branum. In the council sat Revs. G. C. Mason of Alton, E. H. Borden of East St. Louis, Deacon James Blue of this city, with Revs. Shaw and Mackey and Bolden and Licentiate Thomas Herman, as invited guests. Pastor DeWitt was made moderator of the council at the afternoon session when the question as to the fitness of the candidates was discussed and the program of exercises arranged.

At 8 p. m. Rev. DeWitt arose and stated that the Second Baptist church had arranged for the ordination services of four brethren for the work of the deaconship of this church and the council decided to carry out the request of the church.

The opening prayer was offered by Deacon James Blue, followed by the scripture lesson, 1 Timothy, 3:8-16. The choir sang a beautiful selection and the ordaining prayer by Pastor DeWitt, with the laying on of the hands of the council. The charge to the newly ordained deacons was given by Rev. G. C. Mason, who emphasized strongly the necessity of being truly upright in the home, in the community and in the church of God, "for good thinking people trusted the men of integrity and Christian purpose."

The charge to the church was given by Rev. E. H. Borden, who told the church that as a body of Christian workers they were now judged largely not by their color nor creed, but by their community conduct. That they must not be in town and on the town, but in town to make for civic rightcousness.

The hand of welcome was extended the deacons-elect by the pastor, council, invited guests and the church, after which benediction by Rev. G. Shaw. The pastor invited those present to a repast of ice cream.

THRESHING MACHINES HUMMING ALL OVER MORGAN COUNTY

Delivery of Wheat to Elevators now Going on in Earnest—Yields thus Far Reported are Excellent but Quality not Equal to Last Year.

The threatening weather Friday did not put a stop to threshing activities in Morgan county, and a great many outfits were at work in every direction and a great deal of grain was delivered to the elevators. The final delivery of thirty-two acres threshed for Joseph Smith on the Crabtree farm northwest of the city was made to the Joy Prairie elevator. This field yielded an average of thirty-four bushels to the acre. It was sold as No. 2 wheat, but like practically all other grain thus far threshed did not measure up to this standard and will doubtless go to market as No. 3. Hauling to the same elevator was begun from the Samuel Challiner farm in the Joy Prairie neighborhood, but delivery will not be completed until today.

W. T. Dodsworth has finished threshing a field of twenty-five acres in the Franklin neighborhood which produced an average of thirty bushels to the acre. Delivery was made yesterday to the city elevator of the crop on Sheriff Graff's farm east of the city. There were thirty-five acres on this farm and the average yield is from thirty to tairty-five bushels to the acre. Sheriff Graff was one of the fortunates ones who contracted some weeks ago and sold his wheat at $1.20. It is of good quality but will probably not grade as No. 2 on the Chicago market.

Others who have started delivering at the City elevator are Frank Mawson, south west of Jacksonville, who has about thirty-five acres, and Erixon and Surratt who have about fifty acres on the Erixon farm just northewst of Jacksonville. At the Markham elevator William Thies, who has seventy acres, and Lon Sawtelle, who has thirty acres, began delivery Tuesday. Charles S. Black had seventy acres of grain and the delivery of this to the elevator at Savage, owned by Beggs, Lewis and Co., was begun yesterday.

It is said that practically no wheat will grade above No. 2 in this locality this year because of the wet weather. The weather conditions have resulted in the grain coming to the elevator damp and has also resulted in the husks attaching to a considerable number of the grains. These defects pull down the general average. Last year the crop was not nearly so large and the season was different and practically all wheat graded No. 2. Local elevators yesterday could pay from $1 to $1.02 for wheat if they had the definite assurance that delivery could be made at once.

As a mater of fact, though, no farmer could give definite assurance along this line, and the current price offered was 98c. This is figured on the basis of the September option, as it is now too late for a dealer to buy on the July option. As practically every farmer knows, all wheat is sold on the basis of No. 2, and if when it gets to the elevator a deduction is made because the grain is of lower grade, there can be no lawful argument about the matter because it is a fact established by both law and custom that all purchases are made as of No. 2, and there need be no special provisions when a contract is made for the sale of wheat as to just what the quality will be.

The difference this year between No. 2 and No. 3 wheat is from 2c to 4c, but there is no fixed difference on this point and it varies from year to year and in accordance with the general market conditions. The highest price paid for any contracted wheat in Morgan county has been $1.26, and contract prices have ranged from that down to $1. In a number of instances farmers have been unable because of the wet weather to make deliveries by the specified date and thus have suffered a forfeit loss of about 4 to 5c a bushel.

MRS. ANNA WOODMAN OLD.

The Journal had a brief reference a few days ago to the passing of Mrs. Anna Old, of Montclair, N. J.

Mrs. Old was known to us older people as Annie Woodman, and she was the daughter of Wm. C. Woodman. The family came here in 1859, when Mr. Woodman opened a dry goods store in the two-story frame building then standing at the southwest corner of West State street and the square. After some years Mr. Woodman took the room now occupied by Obermeyer & Son in Strawn's block, corner South Main street, which he fitted up handsomely, having the best dry goods establishment of its day. He went to Wichita, Kansas, about 1870.

Mr. Woodman resided in the Catlin house, on West State street, opposite the high school, then in the house afterwards occupied by Gates Strawn, southwest corner of Church street and College avenue, and he lived last in "the old poor house," a large home on East State street.

Mr. Wodman's first wife was a Miss Twining, a sister of Miss Carrie Twining, who was the first wife of Capt. S. Augustus Catlin. The Woodmans came here from Philadelphia. There were several boys and the one daughter.

The oldest son, Wm. T. Woodman, was a fine painter of pictures. He married his cousin, Miss Carver. Another son, Thomas, married Miss Katherine Yates, daughter of the war governor. She died a good many years ago.

Wm. C. Woodman's first wife died here, during the war, and he married a very handsome young woman from the east, who was the mother of U. G. Woodman, now residing here.

Mrs. Old was spoken of as being over seventy years of age. This was a mistake. She was about sixty-seven or eight years of age.

When Annie Woodman came here she was a very pretty little girl, and she never got over being good looking, as was evidenced by her appearance when here a year or two ago.

SENT TO ST. CHARLES.

In the county court yesterday Howard Johnson was declared a delinquent on the ground of larceny and was ordered sent to the home for boys at St. Charles. Johnson's parents, who are respectable colored people living on West Morton avenue, consented to the order, as they have been unable to control their son. He is about 15 years old and has been in trouble several times. Patrolman P. J. White recently went to Alton to bring him here.

OILING WORK ON SPRINGFIELD ROAD BEGAN FRIDAY

Superintendent of Streets Cox Has Force of Men Grading East State From End of Pavement to City Limits.

Superintendent of Streets Cox had a force of men at work yesterday grading East State street from the end of the pavement to the city limits in order to have this prepared for the oiling work which is to be done there and extended out on the state road for a distance of two miles. This work was contracted for with W. H. Cocking in connection with the North Main street road and the contract price for oiling is $200. This price is based on the fact that the roadway is prepared for the oiling by the highway officials. And the purpose too, has been to make the Springfield road and the North Main street road do some good advertising work for the oiled highway movement. Mr. Cocking began yesterday afternoon to spread the oil on the end of East State street, and with favorable weather conditions the entire stretch of two miles will be completed the coming week. The width of the road is twelve feet.

LAME AND AFOOT, CAMPAIGN FOR GOVERNORSHIP

Boston, July 16.—Former Congressman Frederick S. Deitrick of Cambridge, though afflicted with a lameness, will campaign through the state afoot, fighting for the Democratic nomination for the governorship. He will leave town by train tomorrow for the western end of the state, and will hike up and down the state, zig-zagging eastward and talking directly to the people.

A NECESSITY

Mrs. Collier Says Could Not Keep House Without Black-Draught.

Hardin, Mo.—Mrs. J. W. Collier, of this town, who knows from experience of the merit of Black-Draught Liver Medicine, has following to say for publication: "I want to let everybody know that I have used Thedford's Black-Draught for many years, and it is just what is claimed for it. I am never without Black-Draught, and really I couldn't keep house without it.

Whenever I feel bad, I take a small dose, and feel better right away.

I advise everybody who suffers from liver or stomach trouble to use Black-Draught Liver Medicine."

For three-quarters of a century (75 years), Thedford's Black-Draught has been regulating irregularities of the liver, stomach and bowels, and has long been recognized as *the* standard remedy. It is a fixture in thousands of homes as the main stay of the family medicine chest.

If you have not tried it, get a package from your nearest dealer, *today*. He sells it in 25c and $1.00 packages, making it cost you only one cent a dose. NCB 3

Boston, 6; Pittsburgh, 5.

Boston, July 16—Boston defeated Pittsburgh in a fifteen inning game today and as Brooklyn defeated Cincinnati the locals moved out of last place. Good hitting and a muff by Gibson gave the home team three runs in the seventh inning tying the score. Pitchers were changed by both managers in the eighth inning and Hughes held the visitors to one hit during the remainder of the game, while Adams was hit safely nine times.

TENER AND HEYDLER ARE IN BOSTON FOR WEEK-END VISIT

Will Investigate Alleged Remark of Evers Reflecting on Integrity of National League Baseball.

Boston, July 16.—President Tener and Secretary Heydler of the National League came here today on what they said was a week-end visit during which they would investigate incidentally an alleged remark of Captain Evers of the Boston team reflecting on the integrity of National League baseball. No charge has been made against Evers, President Tener said.

Evers was quoted in a newspaer as having shouted after a close decision by Umpire Rigler in a game with St. Louis on Tuesday:

"They're trying to get the crowds out; they've ordered a cloes race. Leave them alone, boys, they're only following instructions."

Evers disclaimed all intention of casting refrection on the integrity of the league officials.

HOGS BRING HIGH PRICE.

Chicago, July 16.—Hogs sold at $8 a hundred pounds at the stockyards market today, the highest price of the year. Four carloads went to an eastern shipper at that price.

Corn fed hogs are getting scarce, dealers at the yards said, owing to the high price of corn.

SIOUX CITY MANAGER QUITS.

Sioux City, Iowa, July 16.—Manager Josh Clark of the Sioux City Western League team resigned today. Clark has been manager for two seasons.

Biggest Weekday Crowd of the Season Watches Sox "Vet" Work—Seldom Resorts to Spitball, His Forte in His Best Days.

Chicago, July 16.—Ed Walsh has "come back" in the opinion of the biggest week day crowd of the season which watched him pitch Chicago to victory over Philadelphia today. Holding the Athletics to six hits, passing only three men, and striking out five, the big pitcher looked like the Walsh of old, though some critics thought he lacked much of the speed he used to show. It was noted by others that he seldom if ever resorted to the spitball, his forte in his best days, but depended mostly on a slow curve and his expert knowledge of the opposing batters.

The Sox runs were mainly gifts.

CHICAGO MAYOR AND PARTY LEAVE FOR PANAMA-PACIFIC FAIR

Will Carry Chicago's Message Throughout the West On Six Thousand Mile Trip.

Chicago, July 16.—Mayor William Hale Thompson and a party of nearly 100 began their 16-day 6,000-mile trip of enthusiasts who will carry Chicago's message of prosperity throughout the west to the Panama-Pacific fair at San Francisco. The party marched from the First regiment armory through the principal streets to the Rock Island railway station, where a special train was in waiting. The parade was headed by the First Regiment band and a battalion from the regiment, followed by another battalion.

At the armory the mayor made a short speech to the members of the First regiment, who left several hours later on two special trains for the coast. Governor Dunne and his party left last night to be present at the observance of Illinois day at the Panama-Pacific fair July 24. Three days later Chicago day at the exposition will be observed by Mayor Thompson and his party.

ASSESSMENT OF 1915

The following is a copy of the rules of the Board of Review of Morgan county, Illinois:

RULE I—The regular meeting of the Board of Review shall convene on the third Monday in June and shall adjourn from day to day as may be necessary. The hour of meeting shall be 10 o'clock a. m.

RULE II—Anyone desiring to complain of an unjust assessment shall file with the Board of Review, on or before the first day of August his complaint in writing in duplicate on forms to be obtained from the County Clerk, which complaint must be attested by the affidavit of complainant.

RULE III—A separate complaint must be filed for each lot, tract or parcel of land.

RULE IV—Complaint as to real estate assessments shall contain:

First—Name of person to whom property is assessed.

Second—Description of real estate, which must be given as nearly as possible as described on assessor's books.

Third—Postoffice address of complainant.

Fourth—Full and assessed value of the property as fixed by the assessor.

Fifth—The fair cash value of the property estimated at the price it would bring in due course of trade.

Sixth—The reason why change is asked:

A. Assessed too high.
B. Assessed too low.
C. Assessed higher than property of like value.
D. Assessed lower than property of like value.
E. Exempt from taxation.
F. Error in assessment.

Seventh—Statement of facts with comparative or actual values, etc.

RULE V—Complaints as to personal property shall contain:

First—Name of person to whom property is assessed.

Second—Location of property.

Third—Postoffice address of complainant.

Fourth—List and cash value of all personal property of complainant in detail.

Fifth—Full and assessed value of the property as fixed by the assessor.

Sixth—Reason why change is asked set forth fully and in detail.

RULE VI—All persons appearing before the Board, either as complainants or witnesses, must be sworn before giving testimony.

RULE VII—All complaints, when filed, shall be numbered consecutively, and when presented to the Board, if a hearing on the complaint cannot be had at once, a time shall be set for the hearing and notice shall be mailed to each complainant of the time set for the hearing upon his complaint, which notice shall be mailed at least five days before the time set for the hearing.

RULE VIII—Complaints may be made as to the assessment for the whole county, or for any township, as to either real or personal property, or as to both, which complaint must state such facts as will enable the Board to determine whether or not the assessment has been made on the proper basis.

"MORNING GLANCES"
(By Gosh)

One of the most important happenings of the present season was the come back stunt of Big Ed Walsh, formerly the best pitcher in the American league. Walsh has been to the bad for several years, and this year he showed great stuff on the coast, only to go bad just as the team started back east. He was left on the coast, and it was thought by many that his days as a pitcher were over.

Yesterday Walsh faced the Athletics. He allowed them six hits, struck out five and they made two runs. One of the largest week day crowds of the season was out. There seemed to be a diversity of opinion of Walsh's come-back. Some seemed to think that he was the Walsh of old, while others thought he lacked some of the speed that made him famous. It also was noted by some that Walsh did not use a spit ball during the game and it was that delivery that won him his fame. However, the fact remains that Walsh has won his game and if he can do this with anything like regularity he will be a big asset to the Sox twirling staff, which has seemed to wobble of late.

* * *

It will be noted that three of the Athletics made all of the hits. J. Walsh, lead off man, got three, Strunk one and Davies two. The other members of the team went hitless.

* * *

Christy Mathewson was in old time form Friday and handed the Cubs another defeat, the score being 2 to 0. Matthewson allowed but five hits and kept them scattered. The Giants got but five off of Zabel and Humphreys, but they bunched them with bases on balls and put two runs over.

* * *

Brooklyn still steps along. Yesterday she beat Cincinnati again, making the series three out of four. It makes the Brooklyn team a record of fifteen won, one tie and two lost since the team came home in last place. They are now in third place and only six points behind the Cubs. It would not be strange if the Dodgers won the flag if they can keep up their clip. If Nap Rucker gets to going, the Dodgers are likely to do anything.

* * *

Buffalo beat the Pittsburgh team Friday by a score of 4 to 3. The Buffeds

STRIKE KIDNAPPERS ARE FREED
Minneapolis, Minn., July 16—The three strike kidnappers who were convicted of taking Theodore Sjogren, a mine leader in an automobile and putting him aboard a train at Brainerd, Minn., bound for Duluth, during a miners' strike at Crosby and Deerwood, Minn., are to be freed today, by order of the pardon board. Two of the men have served six months and one has served only two months. The original sentences were for an indeterminate term of from 5 to 40 years. The kidnappers are William J. Sullivan, owner of a garage in Brainerd, Peter L. Newman, formerly a deputy sheriff, and George C. Payne, a concrete contractor. Newman and Payne have ben confined since January 16, but Sullivan escaped through a reprieve until May 16th, when he was forced to go to the St. Cloud penitentiary.

Mrs. Robert Rousey of Manchester was added to the list of city shoppers yesterday.

WORLD'S MARKET NEWS

THRESHING DELAYS AND IMPROVED EXPORT DEMAND RAISE WHEAT

Close Is Unsettled, But ⅛ to ⅞ Cents Above Previous Finish — Corn and Oats Gain.

Chicago, July 16.—Threshing delays and improved export demand had a bullish influence on wheat. The market closed unsettled, but ⅛ to ⅞c above last night. Corn gained ⅛@¼c to ½c net and oats ⅛@¼c to ¾c.

The outcome in provisions was 2½ to 12½@15c decline.

Highest prices of the day were reached by wheat after authoritative announcement that less than 5 per cent of the domestic winter crop had yet been cut. How serious has been the delay in harvest was also shown by the fact that primary receipts so far this week have not amounted to one-fifth the total for the corresponding time a year ago. Reports of big storms in parts of Kansas and Nebraska lifted the market right at the outset and tended to cause prices to be unusually sensitive later to news affecting the prompt movement of the crop.

Increased rural offerings of wheat from sections where it was dry enough to thresh, notably Illinois and Indiana, led to a temporary setback soon after the opening, but an offset gradually developed in the shape of fair buying on the part of foreigners. European demand appeared to extend to options even more than to cash.

Corn rose in response to wheat strength and as a result of a good inquiry from shippers. Hot weather that favored rapid growth failed to have any lasting effect on values. In the oats crowd shorts were on the buying side the most of the day. Storms in the west are said to have laid many fields flat and there was an active call from the seaboard.

HEAVY TRADING IN MUNITION SHARES BRINGS NEW HIGH PRICES

Half Dozen War Stocks Contribute More Than Sixty-five Per Cent of the Turnover.

New York, July 16.—More obvious manipulation of the war shares and kindred specialties with further heaviness in some of the railways recently favored by discriminating investors were the conspicuous features of today's irregular market. Trading in munition shares was again out of all proportion to the sum total of the day's operations, half a dozen of these stocks together with United States Steel contributing over 65 per cent of the turnover.

In the diversion which accompanied the further rise of this group new high prices were made by Bethleem Steel at 187¾, crucible steel, common and preferred at 44½ and 99 respectively, Baldwin Locomotive at 73¾, General Motors at 183¼, Willys-Overland at 139½, and American Can common and preferred at 52⅞ and 105 respectively. All these shares were at their best in the final hour, when fresh buying was resumed on an increasing scale of activity. Bethlehem Steel made a net gain of 7½, Crucible Steel common 8⅝, the preferred 6 and General Motors 3¼.

Republic Steel and Westinghouse were among the war contract issues to figure importantly in tht movement.

A Hint for Coming Maternity

In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons.

In thus bringing relief and avoiding pain great good is accomplished. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who used it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly.

It is certainly a most helpful influence for its effect in avoiding all unnecessary pain, enabling the muscles to expand gently and to relax naturally when baby arrives. Strictly an external application it has no other effect than to ease the muscles, cords, tendons and ligaments involved hence is perfectly safe to use by all women. It is used very successfully to prevent caking of breasts.

"Mother's Friend" is prepared in the laboratory of Bradfield Regulator Co., 504 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhœa. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

PASSAVANT CAMPAIGN ARRANGED FOR FALL

WILL SEEK TO RAISE FUND OF ONE HUNDRED THOUSAND DOLLARS.

Action of Trustees in Securing T. W. Davies to Conduct Campaign is Approved—New Building With Larger Facilities the Great Need—Some Historical Facts.

The trustees of Passavant hospital met last evening and endorsed the conditional action of the executive committee in employing T. W. Davies of Broolyn, New York, to conduct a campaign this fall to secure $100,000 for Passavant hospital that it may have a modern building, strictly up to date in all particulars.

At its regular annual meeting last January, the board of trustees of Passavant hospital authorized the executive committee to proceed with arrangements for a campaign for funds for a new building. The committee has been carefully considering the matter and a short time since made a conditional arrangement with T. W. Davies of Brooklyn, New York, and an expert and experienced in raising money for such institutions. Correspondence was also conducted with others of the same class but it was deemed best to close with Mr. Davies and accordingly the committee wrote him engaging him subject to the approval of the board of trustees.

History of Hospital.

As has heretofore been explained the property was given by the late Mrs. Eliza Ayers for hospital purposes to the association for Works of Benevolence and Mercy of the Evangelical Lutheran church. For some years the hospital was conducted by the organization but year by year it became more and more difficult to secure enough sisters to do the work of nursing and management so that finally the property was leased to the local association which consists of trustees, two chosen by each church in the city. That was for ten years and the time is not far from out.

Not long since the society in which is the title of the property offered to deed it to the local association on condition that the recipients would raise fifty thousand dollars to be used for new buildings, the present owners not to receive directly anything. The terms of the original gift admit of the sale of the property provided the funds received be used for similar purposes in this community.

The original hospital was the old college building with four large rooms in which everything had to be done. From time to time improvements and additions have been made and the work of the institution has been carried on in the best manner possible and it has done a great work for suffering humanity. A fund has been raised so that a number of worthy poor have been treated wholly free of charge. Prices have been graded so that a small fee has been charged where patients were able to pay and so the beneficial work has been carried on in the very best manner possible and even the highest prices charged well to do patients have been less than the same quality of service would have cost at the homes of the invalids.

Careful Management Used.

By the closest economy and most careful management the hospital has paid its way and has no debts to be liquidated. Its nurses' training school is registered according to the laws of the state and the course of instruction is most thorough and valuable resulting in the perfecting of many young ladies in the useful calling of caring for the sick.

The hospital has been equipped with the best available appliances and recently a highly improved X-ray machine has been added, also a superior anastheticing machine and a hydro-therapeutic plant is soon to be installed. The work of the hospital has so grown that it has been necessary at times to go into the attic and curtain off spaces for beds. The superior facilities for the care of the sick and wounded are becoming more and more appreciated.

New Building a Necessity.

The institution has now reached a stage in its work that a new building is an imperative necessity. The present structure is part old and part new; it did admirably in its day but that day has passed and the child has outgrown its clothes. The desires of the management is to raise $100,000 for new and fully up to date, modernly equipped buildings. One of these has been secured and wholly provided for so that the campaign for $100,000 will begin with $15,000 raised.

This community cannot afford to let this call go unheeded. It appeals to all classes. The wealthy can be far better cared for in the institution than at home while those of less means will be cared for in such a manner that the institution will indeed prove to them an unbounded blessing.

The present building will be well utilized in various ways and not turned over to scrap heap. Everything will be fully explained as the work proceeds. The hospital has nothing to conceal and lots of interesting facts to tell. This movement should enlist the active sympathies of all for a large distance as the hospital of course is not alone for the people of Jacksonville and immediate vicinity, but for peopie a long distance about.

The Board of Trustees last night appointed Carl Weber, secretary to serve until the return of Dr. J. G. Ames.

FACTORS MAKING FOR TRADE EXPANSIONS ARE MULTIPLYING

There is a Notable Absence of Shutdowns Due to Necessity for Repairs or for Vacation Purposes.

New York, July 16.—Braistreets tomorrow will say:

"Factors making for expansion multiply. Evidence is provided by such facts as considered improvement in industrial matters, virtually full movements in finished steel, overtime work in numerous war order lines, smart activity at ship yards, freer distribution of seasonable goods, soewhat fairer skies aiding crops, bounteous yields of food stuffs, better collections, growing scarcity of labor, slightly larger sales of steam coal, absence of strain in money matters at the crop moving season, increased construction of plants to take care of war orders and some western agricultural implements maers kresuming operations.

"There is a notable absence of talk of shutdowns due to necessity for repairs or for vacation purposes. Irregular improvement in railway freight tonnage, accompanied by a uniformly heavy movement of passenger traffic is reported. Commercial paper sells freely at the west, but deand for money is not remarkable, and consequently the general supply of commercial paper is not large, while low rates rule.

MRS. ELIZABETH HOPPER BROKE WRIST BY A FALL

Mrs. Elizabeth Hopper fell down stairs at the residence of Andrew Leck on West North street Friday evening and sustained a broken wrist and severe bruises. She was removed to Passavant hospital and Dr. C. E. Black was called and set the broken bone. Mrs. Hopper who is the mother of Mrs. Leck is making her home with her daughter. Friday evening she went up stairs to retire and by mistake opened the door to the back stairs instead of the door to her bedroom. Dr. Black des not think that her condition is serious as there seemed to be no indication of internal injury, although Mrs. Hopper's age renders the accident the more serious.

WELL KNOWN FARMER OF ARENZVILLE PASSES AWAY

John Leischer Answers Final Summons at the Age of 50 Years — Funeral Sunday.

John Leischer, a well-to-do farmer, residing three miles southeast of Arenzville, died Thursday afternoon at 2 o'clock. He had been ailing for some time but his condition was not thought so serious and his passing away came unexpectedly to his loved ones and friends. He was born on the place where he died and was 50 years, 8 months and 3 days old.

He was the son of Mr. and Mrs. Jacob Leischner, pioneer residents of that part of the country. His father died eight years ago and his mother six years ago.

He was married nine years ago and his wife survives and three children, John, Paul and Eleanor. He was a member of the German Lutheran church and was highly regarded by all who knew him.

The funeral will be conducted Sunday morning at 11 o'clock from the German Lutheran church of Arenzville and burial will be made in the Arenzville cemetery.

BRYAN WILL COME FOR CHAUTAUQUA ADDRESS

Telegram Received Friday Made Certain That Former Secretary of State Will Be in Jacksonville August 20—His Coming Assures Great Opening Day for Chautauqua.

H. H. Bancroft yesterday received a telegram making it certain that W. J. Bryan has been secured by the Chautauqua management for an address in the afternoon of August 20, the opening day of the Chautauqua. Immediately after Mr. Bryan's resignation the Chautauqua committee began an effort to secure Mr. Bryan's services, but the certainty of his coming was not known until the message from his brother, Charles Bryan, yesterday. The day previous a message from Charles Bryan indicated the probability of securing the former secretary of state, but the absolute assurance of his coming was contained in the telegram of Friday. Years ago probably the largest crowd ever assembled in Jacksonville came to hear an address by Mr. Bryan, and certainly there will be a great throng on the opening day of the Chautauqua to hear him again. Recent national events have given an added interest to his utterances, in addition to the well known fact of his eloquence.

The Chautauqua management yesterday closed a contract with Mrs. Grace Wood Jess of Springfield to sing both afternoon and evening on August 26, which is Jacksonville day. Mrs. Jess is one of the most finished soloists that Jacksonville has produced, and since leaving here she has devoted a great deal of time to her musical work and now has a wide reputation as a concert singer. There is no question but that she will be a splendid added attraction for the excellent program which is promised for Jacksonville day.

HON. A. P. GROUT HAD COLLAR BONE BROKEN

WINCHESTER MAN SEVERELY HURT IN RUNAWAY.

Horse Became Frightened at Passing Automobile On the Outskirts of the Town—Three Fractured Ribs Also Part of Injury—Other Scott County Notes.

Hon. A. P. Grout of Winchester sustained a broken collar bone and three fractured ribs Friday afternoon as the result of a runaway. Mr. Grout was going out to his farm in company with a guest at his home, Miss Temple Irving of North Dakota. Just as they had reached the outskirts of town an automobile belonging to a party in Roodhouse, frightened the horse. The animal gave a lunge and threw both occupants to the ground. Mr. Grout landed on his head and shoulder.

The people in the auto took the injured man to his home, where Dr. J. B. Eckman was called. Mr. Grout is suffering considerable pain and was bruised about the body, aside from the fractured bones. Miss Irving escaped injury. The horse ran some distance and completely demolished the buggy.

Mr. Grout is well known throughout central Illinois. He is a director of the Illinois Farmers' institute, president of the Neat, Condit and Grout bank of Winchester and president of the First National bank of White Hall. His interest in alfalfa has occasioned much comment.

EUGENE BUSTER HAD FINGER CUT OFF

Egene Bster, who lives on the Fred Hembrogh farm northeast of Asbury church had the misfortune to get the third finger of his right hand cut off Friday afternoon. Mr. Buster was cutting oats and had stopped his team while extricating some straw from the sickle. While so doing the horses started up and caught his finger in one of the blades. Dr. R. R. Jones was called and gave the necessary medical attention.

RAINS HAVE HELPED.

William M. Crum of the northeast part of the county was among the business men in the city yesterday. Commenting on the extremely wet weather and its attendant loss and inconvenience Mr. Crum said we should all be exceedingly thankful for the deluge as it had destroyed the chinch bugs, fly and army worm which would have well nigh taken the land had we experienced another dry year.
